Economic Development & UW Extension Committee Chair Report

Correspondence, reports from conferences and meetings, other matters for discussion only

Motion by Kinsley, 2nd by Bassett, to approve the minutes from the November 12, 2019 meeting. Motion carried

Motion by Duffy, 2nd by Buckholtz, to appoint Jim Bassett to the Northern Waters Library Board for a three-year term. Motion carried

Motion by Bassett, 2nd by Petit, to appoint Ray Boeckman to the Veteran Service Commission. Motion carried

Zoning Committee Chair Ron Buckholtz reported to the Board. Zoning Administrator Jay Kozlowski presented Rezone #2019-015, request to rezone 3.5 acres from Forestry 1 to Commercial 1. Property located on “OO” and owned by Sawyer County. Motion by Morgan, 2nd by Buckholtz, to approve the rezone request. Motion by McCoy, 2nd by Kinsley, to table Rezone #2019-015. Roll Call vote on motion to table rezone #2019-015 was as follows: Duffy – no; Paulsen – no; Bisonette – absent; Nyberg – yes; Bassett – no; Petit – yes; Kinsley – yes; Buckholtz – no; Dennis – no; Schleeter – no; McCoy – yes; Shuman – no; Morgan – no; Schleender – no; Helwig – no. The motion failed with 4 voting yes and 10 voting no. Motion to approve Rezone #2019-015 and Resolution #2019-52 was as follows: Paulsen – yes; Bisonette – absent; Nyberg – no; Bassett – yes; Petit – no; Kinsley – no; Buckholtz – yes; Dennis – yes; Schleeter – yes; McCoy – no; Shuman – yes; Morgan – yes; Schleender – yes; Helwig – yes; Duffy – yes. The motion carried with 10 voting yes and 4 voting no.

Zoning Administrator Jay Kozlowski presented Rezone #2019-016, request to rezone from Agricultural One to Residential/Recreational Two. Motion by Nyberg, 2nd by Duffy, to approve the rezone and Resolution #2019-53. Motion carried

Motion by Paulsen, 2nd by Helwig, to postpone the Ground Lease with Resolution and Amendment to MOU agreement for the “OO” property until January, and send back to the Land, Water, and Forest Resource Committee for updates. Motion carried

Public Safety Committee Chair James Schlender reported to the Board. Bond schedule proposed for Peace and Good Order Ordinance to allow Patrol Officers the discretion to charge under state statute or County Ordinance. Charging under the County ordinance allows the county to retain more of the forfeited amount. Motion by Paulsen, 2nd by McCoy, to approve the Peace and Good Order Bond Schedule. Motion carried
Public Works Committee Chair Ron Kinsley reported to the Board. Ambulance personnel moved in to the Ojibwa Ambulance Facility.

County Zoning Administrator Jay Kozlowski presented a Resolution to establish an Ad Hoc Committee called “The Sawyer County Comprehensive Plan Development Committee” to update the Sawyer County Comprehensive Plan. The plan should be complete by June 2021 and the Ad Hoc Committee will dissolve at that time. Motion by Bassett, 2nd by Paulsen, to approve Resolution #2019-55 for an ad hoc committee.

Application to Purchase County owned land in the Town of Spider Lake 028-642-29-2301. Motion by Buckholtz, 2nd by Helwig, to approve the land sale. Motion carried

Motion by Paulson, 2nd by Bassett, to post pone indefinitely action on Climate Change No H.R. 763. Roll Call vote was as follows: Bisonette – absent; Nyberg – no; Bassett – yes; Petit – no; Kinsley – no; Buckholtz – no; Dennis – no; Schleeter – no; McCoy – no; Shuman – yes; Morgan – yes; Schleender – no; Helwig – no; Duffy – no; Paulsen – yes. The motion failed with 4 voting yes and 10 voting no. Motion by McCoy, 2nd by Dennis, to approve Resolution #2019-56 supporting Climate Change No H.R. 763. Roll Call vote was as follows: Bassett – no; Petit – yes; Kinsley – yes; Buckholtz – yes; Dennis – yes; Schleeter – yes; McCoy – yes; Shuman – no; Morgan – no; Schleender – yes; Helwig – no; Duffy – yes; Paulsen – no; Bisonette – absent; Nyberg – yes. The motion carried with 9 voting yes and 5 voting no.

Motion by Kinsley, 2nd by Schleeter, to approve Resolution #2019-57 authorizing a short term cash advance to the Senior Resource Center for $15,000. Motion carried

Motion by Helwig, 2nd by Schleeter, to approve Resolution #2019-58 authorizing implementation of a Sawyer County Post-Issuance Debt Compliance Policy and Procedure. Motion carried

Motion by Helwig, 2nd by Buckholtz, to approve Resolution #2019-51 providing for the issuance, sale and delivery of a $622,975 General Obligation Promissory Note, Series 2019, of Sawyer County, Wisconsin; Establishing the terms and conditions thereof; directing its execution and delivery; creating a debt service account therefor and awarding the sale thereof. This is to cover the construction costs of the Ojibwa Ambulance Facility. Motion carried

The Administrator’s report is attached to the agenda on the website.

Adjourned 8:38 pm

Audio of the County Board Budget meeting is on the website.

Minutes prepared by Carol Williamson
RESOLUTION TO ADOPT THE SAWYER COUNTY LIBRARY SERVICE PLAN 2019-2024

WHEREAS, Sawyer County (the “County”) is a member of the Northern Waters Library Service and must comply with the requirements of Chapter 43 of the Wisconsin State Statutes in providing library services;

WHEREAS, the County provides library services to County residents who reside outside of communities that maintain their own libraries;

WHEREAS, Sherman and Ruth Weiss Community Library, LCO Ojibwa College Community Library and Tice Public Library (Winter Public Library) are all located in the County and are members of Northern Waters Library Service;

WHEREAS, the County may appoint a Library Planning Committee and may engage in preparing a plan for the County system to ensure County residents have access to adequate library services; and

WHEREAS, the Library Planning Committee, consisting of County Board members, library directors and library board trustees, reviewed the needs for library services and developed the Sawyer County Library Service Plan 2019-2024 for future services.

THEREFORE BE IT RESOLVED, that the Sawyer County Board of Supervisors does hereby approve the Sawyer County Library Service Plan 2019-2024; and

BE IT FURTHER RESOLVED, the Library Planning Committee meet on an annual basis, for the next four years, to review the Sawyer County Library Service Plan 2019-2024 until such time the Library Planning Committee will develop the next five-year plan.

FISCAL IMPACT: None

(Signatures appear on next page)
This Resolution is recommended for adoption by the Sawyer County Board of Supervisors at its meeting on January 16, 2020 by this Sawyer County Administration Committee this 9th day of January, 2020.

This Resolution is hereby adopted by the Sawyer County Board of Supervisors this 16th day of January, 2020.

________________________________
Tweed Shuman, County Board Chair
**Mission Statement**

To provide quality library services to all residents of Sawyer County and beyond while preserving the unique nature and independent operation of each library.

**I. Background**

**A. Statutory requirements for county library planning**

The three public libraries in Sawyer County will adopt and maintain a plan according to Wisconsin Statutes, Chapter 43.15 (4) (B) (1) in accordance with Wisconsin Act 150.

**B. Brief history of library development and planning in county**

Sawyer County contains three public libraries: the *Sherman & Ruth Weiss Community Library (Hayward)*, the Lac Courte Oreilles *Ojibwe College Community Library* (hereafter referred to as LCO) on the Lac Courte Oreilles Reservation near Hayward and the *Winter Public Library*.

*Sherman & Ruth Weiss Community Library (Hayward)*

The Hayward Free Library was established in 1887 and the Carnegie Library in 1904. In the early 1900s, Sawyer County’s southern towns set themselves off as separate municipalities. The library was deprived of the income from their tax levies, and the responsibility of library funding was placed on Hayward Township. In 1915 the Town of Hayward and City of Hayward became separate entities, with the City assuming full responsibility for library funding.

Although the City carried most of the financial burden for years, the highest percentage of library users were from surrounding townships. Most of these townships did not support the library financially. Eventually the City of Hayward announced it would end financial support of the library in January 1996. The Library Board of Trustees decided to seek funding from all the townships through Sawyer County. The county began funding the library in 1996.

In 2007, the new Sherman & Ruth Weiss Community Library was built to accommodate increased usage and provide accessibility.

*LCO Ojibwe College Community Library*

The LCO Ojibwe College Community Library was officially established as a public library in early 1992. The library serves a dual role of supporting the LCO Ojibwe Community College curriculum and serving community members of all ages. In 2007, the *LCO Ojibwe College Community Library moved to its current facility.*
Winter Public Library

The Winter Public Library was established in the 1950s. In 2005, they purchased a remodeled building on Main Street and moved the library from the Village Hall to the larger facility on Main Street for greater accessibility. As of 2018, the library is currently jointly owned by the Town and Village of Winter, Town of Ojibwa, Town of Draper, Town of Meadowbrook, Town of Radisson, Town of Couderay, and administered by the Winter Library Board with the Town of Couderay being the fiscal agent.

C. County membership in Northern Waters Library Service system

The three libraries in Sawyer County are members of the Northern Waters Library Service (NWLS). NWLS is an organization established to provide, coordinate and improve library services for the libraries and residents of Ashland, Bayfield, Douglas, Iron, Sawyer, Vilas and Washburn Counties. NWLS receives its funding from the state and member counties as well as federal grants.

As NWLS member libraries, all three libraries in Sawyer County receive interlibrary loan service, access to two computer technicians, continuing education programs to enable library directors to meet state certification requirements, collection development grants, and other services. NWLS also provides the Mail-a-Book service in Sawyer County to serve area residents who are physically unable to access a public library. This service is especially valuable to the homebound. Materials can be returned to the closest public library, by drop boxes NWLS has installed or by mail. Mail-a-Book is cooperatively sponsored by all NWLS counties.

Allocation of county board appointments to library system board

The Sawyer County Board may appoint two county representatives to serve on the NWLS Board of Trustees. The County Board also appoints one county board member each for the Sherman & Ruth Weiss Community Library, LCO, and Winter Public Library. The three library directors in Sawyer County will meet to review current needs for library service, and to develop and maintain a draft plan for future services.

II. Current library services to county residents

A. Inventory of current library services to county

For current library services, please see the attached brochure.

B. Governance structure of library organizations in Sawyer County

Sawyer County delegates the governance of the libraries to the individual library boards.
Appointments to the Library Board of Trustees

*Sherman & Ruth Weiss Community Library*

The City of Hayward’s mayor appoints eight seats and the Sawyer County Board appoints one seat to the nine-member library board.

*LCO*

The LCO Community College Board of Regents appoints six seats and the Sawyer County Board appoints one seat to the seven-member library board.

*Winter Public Library*

The library is established as a joint library with an eleven-member board. Appointments of one seat are made by the Village of Winter, four by the Town of Winter, one by the Town of Ojibwa, one seat by the Town of Draper, one seat by the Town of Meadowbrook, one seat by the Town of Radisson, one seat by the Town of Couderay, one seat by the school district, and one seat by Sawyer County.

C. Current library usage statistics for county residents

*Methodology for determining usage of libraries in the county.*

All three libraries take statistics from their automated circulation system and are included in each library’s annual report.

III. Current funding of library services to county residents

A. Municipal, county and state funding

*Municipal amount*  

*Sherman & Ruth Weiss Community Library*

The library does not receive monetary funding from its municipality, the City of Hayward. The City provides assistance to the library in the form of payroll, accounting and the opportunity to participate in health and property insurance.

*LCO*

A written agreement between the LCO Tribal Governing Board, the LCO College Board of Regents and the LCO Library Board establishes library services at the LCO College. The LCO College is considered to be the library’s municipality.

*Winter Public Library*

The library is currently jointly owned by the Town and Village of Winter, Town of Ojibwa, Town of Draper, Town of Meadowbrook, Town of Radisson, Town of Couderay, with the Town of Couderay being the fiscal agent. Municipalities provide financial support and/or in kind services.
County amount
Sawyer County funds a portion of the operating expenses of the Sherman & Ruth Weiss Community Library and Winter Public Library. Please see Attachment D.

State and Federal amounts
All three libraries receive system services funded by the state and are continually seeking additional sources of funding, including grants and donations.

IV. Goals and Actions

Goal 1: To establish a consistent and equitable funding arrangement for Sawyer County libraries.

Action 1.1: Sawyer County will continue to provide funding for the libraries in Hayward, Winter, and the LCO College Community Library. Minimum library funding is to be in accordance with Wisconsin Act 150.

Action 1.2: Improve and expand services at libraries in the county and at Northern Waters Library Service (NWLS) to meet the needs of the communities shown by user statistics, local surveys and the growing county population.

Action 1.3: Attend semi-annual meetings of the library directors of the three public libraries in Sawyer County to promote cooperation in services and promotion.

Action 1.4: Work with the appropriate agencies, including NWLS, to establish access to information through emerging technologies at all Sawyer County libraries.

Goal 2: Through the cooperative efforts of the libraries in Sawyer County, to continue to provide a inclusive scope of library services and current technologies based on the needs of the individual communities.

Action 2.1: Provide materials that include special collections for people of all ages.

Action 2.2: Provide interlibrary loan service, which entails sharing resources among all libraries, including access to materials statewide.

Action 2.3: Offer outreach services to senior citizens, the homebound, schools, daycare centers.

Action 2.4: Provide computers and Internet access for public use.

Action 2.5: Provide community activities for all ages including summer reading programs, story hour, lectures and other programs of community interest.
**Action 2.6:** Provide materials and referral services to local, county and state agencies and programs.

**Goal 3:** To improve public awareness of services offered by libraries in Sawyer County.

**Action 3.1:** Continue to distribute press releases and public service announcements concerning services and activities to local media.

**Action 3.2:** Provide the public with an informational brochure on libraries in Sawyer County.

**V. Implementation**

Each library in Sawyer County will carry out these goals and objectives to the best of its ability.

**VI. Future plans for evaluating and updating county plan**

The library directors in Sawyer County will continue to meet annually to review the plan and make revisions as needed. The entire plan will be reviewed and updated every five years.

SERVING OUR COMMUNITIES

SHARED MISSION STATEMENT
To provide quality library services to all residents of Sawyer County and beyond while preserving the unique nature and independent operation of each library.

WORKING TOGETHER
We meet regularly to share information and coordinate services. We work together to sponsor programs, publicize special events, and make referrals to each library when appropriate.

LIBRARY SYSTEM MEMBERS
As members of the Northern Waters Library Service (NWLS), Sawyer County libraries have access to a variety of library services and support, including Lib-ebooks, the library catalog shared by libraries in eight counties. Users can search the catalog using the online database of more than one million items, including books, periodicals, and newspaper titles. The catalog can be searched by title, keyword, author, subject or call number. The catalog offers additional links such as:

Gale Literature—offers full professional and personal enrichment courses.

FEATURED LINKS—New Popular titles.

OVERDUE—Resource access to over 100,000 e-books, music, and movies online.

BADGERLINK—Thousands of journals, magazines, and newspaper titles, image files, and other reference materials including subscription databases, health pamphlets, and teaching resources, TeachingBooks and eBooks.

DATASERVICES—Research job searching & resume help, genealogy, health and many more.

WRCAT—Statewide library catalog used to obtain interlibrary loans.

C. County Agreement between NWLS and Sawyer County.

Northern Waters Library Service  
2020 Sawyer County Library Service Agreement

This Agreement is made by and between the Northern Waters Library Service, hereinafter called NWLS, headquartered in Ashland, Wisconsin, and the Sawyer County Board of Supervisors, hereinafter called the County Board, located in Hayward, Wisconsin.

WHEREAS, NWLS has complied with the requirements of Chapter 43 of the WISCONSIN STATUTES to establish and maintain a federated public library system and to provide and coordinate library services for the libraries and residents of Ashland, Bayfield, Burnett, Douglas, Iron, Sawyer, Vilas, and Washburn counties in Wisconsin;

NOW THEREFORE, the County Board agrees to comply with the requirements of Chapter 43 of the WISCONSIN STATUTES for participation in a federated public library system, which include:
16. To adopt and maintain a county plan for library service, [Wisconsin Statutes s.43.15(4)(b)(1)]
17. To provide for funding of the county plan for library service, [Wisconsin Statute 43.15(4)(b)(2)]
18. To enter into a written agreement with the public library system board to participate in the system and its activities and to furnish library services to residents of those municipalities in the county not maintaining a public library. [Wisconsin Statute 43.15(4)(b)(3)]

NOW FURTHERMORE, NWLS agrees to provide library system services in Sawyer County as follows.
26. To provide mail-a-book service on behalf of the County Board from NWLS Headquarters to all residents of Sawyer County living 15 miles or more from a public library and to those who are homebound. This service includes access to NWLS staff via a toll-free phone line as well as book return boxes in remote locations.
27. To provide a program of delivery to complement resource sharing among all NWLS counties.
28. To provide access to the NWLS area-wide database via the web to all residents of Sawyer County.
29. To provide collection development grants for libraries as reimbursement for circulation to residents living within the NWLS area but outside of the Library's county according to Wisconsin Act 130, and for meeting appropriate state library standards.
30. To plan for the future of library services within the county with the public libraries, county board, special groups and library patrons. To promote library services area-wide and to seek alternative funding for improved library services.

NOW FURTHERMORE, the County Board agrees to participate in the Northern Waters Library Service and pay NWLS a county library service fee of $23,630.98 on or before February 20, 2020.

The term of this agreement is one year, beginning January 1, 2020. Not later than 90 days before the expiration of this agreement both parties shall enter into good faith negotiations for its renewal.

Rezone Request
STAFF REPORT
Prepared By: Jay Kozlowski

File: # RZN 19-017

Applicant:
Mark & Nancy Phillips
9057W County Hwy B
Hayward, WI 54843

Property Location & Legal Description:

Part of NWSE, S05 T40N R06W, parcel #012-640-05-4201 Site address 9057W County Hwy B
Approximately 4.64 acres out of 29.82 total acres currently zoned Forest One (F-1)

Request: Rezone 4.64 acres of 29.82 total acres from F-1 to Residential/Recreational Two (RR-2). Applicant would then apply for a conditional use permit for a general repair shop to provide the community with a wide variety of mechanical repairs.

Summary of Request & Project History:

The applicant(s) are requesting to conditionally rezone approximately 4.64 acres of F-1 to RR-2 (see attached map of parcel) of an existing parcel containing 29.82 acres. The proposed rezone would result in conforming lot dimensional requirements. The purpose of this request is to then apply for a CUP for a “general repair shop” which the Zoning Committee had reviewed at its October meeting. As part of that meeting it was discussed that the committee would view a general repair shop to fall into the same category as Section 17.3(B)(3) “Recreational service oriented uses which in the opinion of the County Zoning Committee are of the same general character or clearly incidental to a permitted use or use authorized by conditional use.”

Initially Sawyer County Zoning advised the applicant to potentially request the rezone to a commercial zone district. In conversations with the Town of Hunter they were hesitant to rezone this area to commercial. It was then decided to rezone to RR-2 as to fit more in line with the Town’s Comprehensive Plan.

Additional Information/details:

See attached additional maps included in this packet. The nearest RR-2 zoned property in relation to this property is approximately 500’ away along the County Hwy B corridor. There
was also another rezone that was approved at County Board in August 2019 for a 10 acre parcel immediately across Hwy B from this property. Furthermore, the future land use map for the Town of Hunter shows this area as rural residential. There are just a few other residential structures within the immediate area.

**Zoning Committee Public Hearing Information:**
At the Sawyer County Zoning public hearing meeting on December 19, 2019 it was read into record that the Town approved the rezone request with no additional comments. There were 8 opinion letters sent out, 3 returned, all with no objections. It was recommended for approval by the Zoning Committee with a vote of 5-0 with the findings of facts determined as:

1. It would not be damaging to the rights of others or property values.
2. It would not be detrimental to ecology, wild life, wetlands or shorelands.

### Property History

N/A
17.3 RR-2: Residential/Recreational Two District
This district is intended to provide for residential development and essential recreation oriented services in areas of high recreational value where soil conditions and other physical features will support such development without depleting or destroying natural resources.

A) Permitted Uses
1) One-family and two-family dwellings.
2) Private garages, carports, and boathouses.
3) Horticulture and gardening.
4) Essential services and utilities intended to serve the principal permitted use.
5) Signs subject to the provisions of Section 5.0.
6) Customary accessory uses provided such uses are clearly incidental to the principal permitted use.
7) Will allow a cabin resort to build additional cabin(s) provided lot area requirements are met.
8) Licensed In-Home Day Care/Child Care (no more than 8 children)

B) Uses Authorized by Conditional Use
1) Mobile home parks and campgrounds subject to the provisions of Section 6.5 and Section 6.6.
2) Telephone, telegraph and power transmission towers, poles and lines, including transformers, substations, relay and repeater stations, equipment housing and other necessary appurtenant equipment and structures.
3) Recreational service oriented uses such as restaurants, cocktail lounges, marinas, sport shops, bait sales, and other recreational services which in the opinion of the County Zoning Committee are of the same general character or clearly incidental to a permitted use or use authorized by conditional permit.
4) Kennel for small domestic animals subject to the provisions of Section 6.8.
5) Hair salon and barber shop.
6) Private or wholesale carpentry or woodworking shop; limited to property owner.
7) Greenhouse and florist.
8) Professional offices and studios.
9) Bed and Breakfast establishments.
10) Taxidermy.
11) Real estate offices.
12) Childcare center, play school.
13) Shrub, tree nursery.
14) Lake access subject to provisions of Section 4.412.
15) Lake access for island development subject to provisions of Section 4.413.
16) MULTI-DWELLING DEVELOPMENT or other similar development including a condominium, hotel, motel or resort, or other development, which in the opinion of the County Zoning Committee, are of the same general scale and character. Does not include conversions of existing properties to a different form of ownership (i.e., to condominium ownership) unless DWELLING UNITS are being proposed by plat or
other means that would be in addition to the existing rental/DWELLING UNITS. Does not include existing MULTI-DWELLING DEVELOPMENTS unless creating additional DWELLING UNITS.

17) Public and private parks, playgrounds and water sports areas.
18) Churches
19) Accessory structures on vacant property according to Section 4.26 (1) or an accessory structure on property lying across the Town or County Road from the principle structure. See Section 4.26(2)
20) Funeral Homes
21) Horses
RESOLUTION TO AMEND SA WYER COUNTY OFFICIAL ZONING MAP

WHEREAS, Wisconsin law permits Sawyer County (the “County”) to adopt certain zoning ordinances and amend its existing zoning ordinances, including amendments to the County’s official zoning map;

WHEREAS, the owner of real property located at Part of the NW ¼ of the SE ¼; S05, T40N, R06W; Parcel #012-640-05-4201; the “Property”), and as more fully described as set forth in Exhibit A, which is attached hereto and incorporated herein, requested a rezoning of the Property’s zoning designation from Forestry One (F-1) to Residential/Recreational Two (RR-2) (the “Zoning Designation Amendment”);

WHEREAS, the Sawyer County Zoning Committee (the “Zoning Committee”), at its meeting on December 20, 2019, reviewed the proposed Zoning Designation Amendment for the Property;

WHEREAS, the Zoning Committee voted to recommend approval/denial of the proposed Zoning Designation Amendment to the Sawyer County Board of Supervisors (“County Board”); and

WHEREAS, the County Board determined, at its meeting on January 16, 2020, that adopting/denying the proposed Zoning Designation Amendment for the Property is warranted to protect the health, welfare and safety of its citizens.

NOW, THEREFORE BE IT RESOLVED, by the Sawyer County Board of Supervisors approves/denies the following:

1. Amendment to Official Zoning Map. The Property’s zoning designation shall be amended to __________.

2. Additional Actions. The Sawyer County Department of Zoning and Conservation Administrator (or his/her designee) shall take all necessary steps to ensure that the amendment adopted herein is completed.
This Resolution is recommended for adoption/disapproval by the Sawyer County Board of Supervisors at its meeting on January 16, 2020 by this Sawyer County Zoning Committee on this December 20, 2019.

Ron Buckholtz, Chairman
Bruce Paulsen, Vice-Chairman

2) It would not be detrimental to ecology, wild life, wetlands or shorelands.

Case #19-017       Owners Name: Mark & Nancy Phillips
Rezone Request

STAFF REPORT FOR COUNTY BOARD

File: # RZN 19-019
Applicant:
  William Wallus
  DBA: Bear Paw LLC
  PO BOX 309
  Stone Lake, WI 54876

Property Location & Legal Description:
  Part of Government Lot 2; S04, T37N, R09W; Parcel #008-937-04-5207 and 008-937-04-5208; Zoned Residential/Recreational 1 and Residential/Recreational 1 & 2
  8 total acres, 6 acres zoned RR-1 and 2 acres already zoned RR-2

Request: Rezone 6 acres to RR-2

Summary of Request:
  The applicant(s) are requesting to rezone 6 acres from these two separate parcels to RR-2 (see attached map of parcel). The purpose of this request is to rezone the remaining property into RR-2 so that they may expand an existing campground. RR-2 and F-1 are the only zone districts that allow for campgrounds. The existing campground consisting of 71 permitted seasonal sites. 41 of these were with the initial campground with an additional 35 sites then amended to 30 sites on the southern portion of the campground which was permitted through a conditional use in 2017 CUP 17-014.

  With the proposed rezone request the applicant would then be filling for another conditional use permit to expand for an additional 10 campsite units on the north side of the property and also to have the existing campsite areas properly zoned and covered under the RR-2 designation.

Project History:
  Back in 1986 the first rezone was processed to RR-2. This initial rezone case was for the placement of a mobile home on this property. Somewhere between 1986 and 2000 the campground was formed. In 2000 a conditional use permit was granted for an additional 5 campsites on the property making the total of 41. In 2017 the southern portion of the property was approved for a rezone and an additional 35 sites. The 35 sites were then later amended by the applicant to 30 sites.
There were comments received by The Zoning and Conservation Department that adjacent property owners were told that the campground would never expand further to the North. After reviewing the documents and files of record with this property and campground (specifically the rezone in 1986 and 2017 and the CUP in 2000 and 2017) no information was found to support this. The Sawyer County Zoning & Conservation Administrator has urged those in opposition for any information pertaining to that claim.

Additional Information/details:

See attached additional maps included in this packet as well as applicant(s) comments and potential campground expansion area plus parking area. The majority of the existing campground is already zoned RR-2. The potential rezone would not only get the existing campsites into the correct zone district but would also allow the applicant to expand an additional 10 sites as indicated.

The Town of Edgewater shows this area as a generalized existing residential, small tract land use as per the Town’s Comprehensive Plan with a future land use category described as “shoreland”.

“Shoreland areas represented on the future land use map are represented by the lakes and rivers classification system. Development densities within shorelands will maintain a minimum density of 1 home per 20,000 sq ft on a class 1. In some cases, natural features and resources along lakes, rivers, and streams may not be conducive to all types of development. While the future land use map has areas representing the 1,000 foot and 300 foot areas pertaining to development requirements as specified by the lakes classification system, the areas shaded do not imply that any and all development types are allowed. Specific review of the areas around lakes, rivers, and streams must be performed.”

Zoning Committee Public Hearing Information:

At the Sawyer County Zoning public hearing meeting on December 19, 2019 it was read into record that the Town approved the rezone request with no additional comments. There were 9 opinion letters sent out, 4 returned, 2 with no objections and 2 with objections. It was recommended for approval by the Zoning Committee with a vote of 5-0 with the findings of facts determined as:

1. It would be compatible with the surrounding uses and the area.

After the Zoning Committee meeting the Sawyer County Zoning & Conservation Administrator received a call from one of the adjacent neighbors with objections stating that he would be taking legal action against the “County” for approving this rezone. He was urged at that time to file an appeal of the Zoning Committee’s decision as is his right. On this date of 1/7/20 no appeal action has been filed.

Property Description: Lot 2 - The above hereby make application for a rezone. The above certify that the listed information and intentions are true and correct. The above person(s) hereby give permission for access to the property for onsite inspection by Municipal Officials.

Purpose of Request: See Attached

Name, Address, Phone & Email of Agent:

Phone: ______________________ Email: ______________________

Office Information: Fee: $300.00 Date of Public Hearing: 12-20-19
Currently the Bear Paw Resort Property is split into multiple sections under multiple zoning districts. Half of the resort is zoned RR1 (Northern Half) and half is Zoned RR2 (Southern Half).

Bear Paw is requesting that the northern portion of the property be re-zoned to RR2 to conform to the current zoning status of the southern property which is currently RR2.

This would allow Bear Paw the option to expand the campground and add up to an additional 10 sites on the north east border of the property. We do not have any intention of adding more than 10 sites to this section of the property as we have a parking lot already in process on the North Section of the property. Our intention would be to add these additional sites to the back half of the property furthest away from Ol Hayes road. See attached Photo. Currently we have an open permit with Sawyer county to put in an 80x120 trailer parking lot closest to Ol Hayes Road. The additional campsites 10 would comply with State code for Density of Camp Sites per acre, Health code ordinances facility access on the campground and all setback rules according to County and Local ordinances.

Please let me know if you have any specific questions.

Teal River enters

Moose Lake Rd

End of Hydraulic Shadow

* floodplain width is the same as floodway width except at sections 960, 950

Dated: 04/16/2019
Regulatory hydraulic shadow profile does not extend into the Moose Lake.
1. Moose Lake Dam Failure Analysis, prepared by Ayres Associates on May 31, 2019; WDNR Field File Number 57.03. The Dam Failure map dated April 16, 2019 and titled "Hydraulic Shadow (Sheet 1 and Sheet 2)", Dam Failure profiles dated April 12, 2019 and titled "Plan: 2014 100 YR 48 HR Dam Fails", and floodway data table dated April 16, 2019 and titled, "Hydraulic Shadow Floodway Data" approved by the Wisconsin Department of Natural Resources on June 5, 2019 should be used.
July 16, 2019

Mr. Jay Kozlowski
Sawyer County – Zoning Administrator
10610 Main Street, Suite #49
Hayward, WI 54843

Subject: Moose Lake Dam, Field File #: 57.03, Key Sequence #: 195, Sawyer County, Wisconsin.
Floodplain Mapping, Ordinance Adoption Notice.

Dear Mr. Kozlowski,

On June 5, 2019, the Department of Natural Resources (Department) approved the dam failure analysis for the Moose Lake Dam located on the West Fork of the Chippewa River in the SE 1/4 of the NE 1/4 of Section 14, Township 41N, Range 06W, in Sawyer County. Based on the results of the approved study the dam was assigned a final hazard rating of High Hazard.

The areas of potential dam failure inundation (hydraulic shadow) are adequately reflected on a map with additional information such as stationing, water surface elevations, maximum velocities, and floodway widths provided in a floodway data table. This information is provided in the following enclosures:

1. Hydraulic Shadow Map dated April 16, 2019 and titled “Hydraulic Shadow (Sheet 1 and Sheet 2)"
2. Floodway data table dated April 16, 2019 and titled, “Hydraulic Shadow Floodway Data"
3. Flood profile dated April 12, 2019 and titled “Plan: 2014 100 YR 48 HR Dam Fails"

Under the requirements of Chapter 87.30, Wisconsin Statutes and Chapter NR 116.05, Wisconsin Administrative Code, the materials submitted with this letter need to be reviewed and any comments on technical aspects of the study shall be provided to the Department within thirty (30) days from the date this letter was delivered. After the 30-day review and comment period, the County shall formally adopt the above referenced materials into the floodplain zoning ordinance within six (6) months.

To assist you in the adoption process, refer to Wisconsin Administrative Code, Chapter NR 116 and the procedures outlined in "Floodplain and Shoreland Zoning: A Guidebook for Local Officials". Please pay particular attention to the Class 2 notice requirements for public hearings. The second publication must be at least one week before the hearing. After the County has approved the amendment, a certified copy of the ordinance, a notarized affidavit of publication of the public hearing and a notarized affidavit of publication of the ordinance adoption must be sent to me for final administrative review and approval.
NOTICE OF APPEAL RIGHTS

If you believe that you have a right to challenge this decision, you should know that the Wisconsin statutes and administrative rules establish time periods within which requests to review Department decisions must be filed. For judicial review of a decision pursuant to sections 227.52 and 227.53, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to file your petition with the appropriate circuit court and serve the petition on the Department. Such a petition for judicial review must name the Department of Natural Resources as the respondent.

To request a contested case hearing pursuant to section 227.42, Wis. Stats., you have 30 days after the decision is mailed, or otherwise served by the Department, to serve a petition for hearing on the Secretary of the Department of Natural Resources. All requests for contested case hearings must be made in accordance with section NR 2.05(5), Wis. Adm. Code, and served on the Secretary in accordance with section NR 2.03, Wis. Adm. Code. The filing of a request for a contested case hearing does not extend the 30 day period for filing a petition for judicial review.

This decision was mailed on Jul 16, 2019.

TO: Tom Koehler (Moose Lake Improvement Association)

FROM: Jacob Druffner (DNR - Water Management Engineer)

SUBJECT: Moose Lake Dam Failure Analysis and Regional Flood Elevation

Background

The Moose Lake Dam was reconstructed in 2015 and at the time the dam failure analysis (DFA) had not been revised to show the updated reconstructed configuration nor the correct high hazard spillway routing. Residents have voiced frustrations about the high regional flood elevation (RFE) from the results of the 2012 analysis when the Department had advised the gates remain shut during the analysis. Meg Galloway and I met with Ellen Faulkner from Ayres Associates on March 21, 2019 to discuss the DFA using Atlas 14 rainfall data. It was concluded that because the spillway design was completed prior to Atlas 14 being enforced, this “to-do” DFA could use the old rainfall and hydrology used to design the reconfigured dam. This hydrology came from the approved 2010 HEC-1 analysis which was accepted as part of the 2011 DFA completed for the old dam.

Ayres submitted DFA and RFE analyses to the Department on April 18, 2019. Members of the Department’s floodplain engineering team agreed that if the 2010 HEC-1 model was to be converted to HEC-HMS to be used for the RFE analyses, because it is being revised with new Atlas 14 rainfall data, less “rudimentary” hydrology should be used. Of the two watersheds in the model, the main basin is 200 sq miles and the other (the lake surface) is 2.8 sq miles.

The water surface elevation (WSEL) upstream of the dam from the RFE analysis was determined to be 1371.9 (NGVD29). The DFA was approved on June 5, 2019 and a WSEL above the dam, using the “Dam in Place with No Failure” profile, was determined to be 1371.5 (NGVD29).

Conclusion

Members of the Department met on June 4, 2019 and June 18, 2019 and discussed the suggestion to use the “Dam in Place with No Failure” elevation from the DFA upstream of the dam for zoning purposes and as best available information for letter of map amendment (LOMA) submittals. It was concluded that this would be acceptable as revising only portions of the model (using Atlas 14 rainfall) and converting the model to HEC-HMS without updated sub-basin delineations would not be considered appropriate revisions for an RFE determination.

The use of DFA “Dam in Place with No Failure” elevation of 1371.5 (NGVD) will be allowed for zoning purposes that include determining whether buildings and properties are considered “in or out” of the floodplain. If lands are in the floodplain, all applicable County Floodplain Ordinance provisions apply. For example, if new development is proposed within the floodplain, a hydrology and hydraulics analysis (H&H) will be required. The H&H shall consist of a HEC-RAS model with updated hydrology including a detailed HEC-HMS model using most up to date rainfall data. Existing structures within the floodplain would need to meet legal, non-conforming floodplain development standards. Again, these are just a few examples, but all applicable County Floodplain Ordinance provisions would apply.

The approved 2019 DFA model shall not be submitted to FEMA for a LOMR until updated hydrologic conditions (described above) are inputted into the model. Future studies on the lake will need to use most up to date rainfall data.
RESOLUTION TO AMEND SA WYER COUNTY FLOODPLAIN ORDINANCE, 
SECTION 1.5 (2) (b) Official Map Section of Sawyer County Floodplain Ordinance.

WHEREAS, Wisconsin law permits Sawyer County (the “County”) to adopt certain 
zoning ordinances and amend its existing zoning ordinances;

WHEREAS, the County desires to amend its existing Floodplain Ordinance Section 1.5 
(2) (b) official map section;

WHEREAS, the Sawyer County Zoning Committee (the “Zoning Committee”), at its 
meeting on December 20, 2019, reviewed the proposed Ordinance revisions to section 1.5 (2) (b) 
the official map section of the Sawyer County Floodplain Ordinance and a copy of the proposed 
Ordinance Revisions are attached hereto and incorporated into this Resolution as Exhibit A;

WHEREAS, the Zoning Committee voted to recommend approval of the Ordinance 
Revisions to the Sawyer County Board of Supervisors (“County Board”); and

WHEREAS, the County Board determined, at its meeting on January 16, 2020, that 
adopting the Ordinance Revisions in the form set forth in Exhibit A are warranted to protect the 
health, welfare and safety of its citizens.

NOW, THEREFORE BE IT RESOLVED, by the Sawyer County Board of 
Supervisors that the Sawyer County Ordinances shall be amended as follows:

1. Repeal of Existing Section ______________________________ of the County 
Zoning Ordinance shall be repealed in its entirety.

2. Adoption of section ______________________________ shall be adopted in the 
County Zoning Ordinance as Section ________.

3. Additional Actions. The Sawyer County Department of Zoning and Conservation 
Administrator (or his/her designee) shall take all necessary steps to ensure that the 
Ordinance Revisions adopted herein are completed.
This Resolution is recommended for adoption by the Sawyer County Board of Supervisors at its meeting on January 17, 2020 by this Sawyer County Zoning Committee on this December 20, 2019.

Ron Buckholtz, Chairman

Bruce Paulsen, Vice-Chairman

James Bassett, Member

Elaine Nyberg, Member

Troy Morgan, Member

Dawn Petit, Alternate Member

This Resolution is hereby adopted by the Sawyer County Board of Supervisors this ___ day of ___ , 2020.

Tweed Shuman,

Regional Flood Profiles Downstream of Upper Brunet Dam
Sawyer County, Wisconsin
January 30, 2002

Mr. Daniel Carthel, P.E.
Carthel Engineering Co., Inc
N533 Pioneer Road
Birchwood, WI 54843

Subject: Hydraulic and Hydrologic (H&H) Analysis For Upper Brunet (Loretta) Dam

Dear Mr. Carthel:

The H&H (Dam Failure) analysis for Loretta Dam included a Regional Flood Elevation (RFE) for Loretta Lake of 1391.93 ft NGVD-29.

As part of the Department’s coordinated Central and Regional office review of the dam failure analysis, this office approves the Loretta Lake RFE as meeting NR 116 code requirements for application of the floodplain zoning requirements in Sawyer County’s floodplain zoning ordinance.

The RFE is based on BM 880A @ 1392.05 ft NGVD-29.

The Central office will do the final review of the dam failure analysis. If you have any questions concerning this correspondence, please contact me directly.

Sincerely,

Frank Dallam

Water Regulation and Zoning engineer

Subject: Dam Failure Analysis Approval and Hazard Rating Assignment, Totagatic Dam, Field File 57.28, Key Sequence No. 196, Sawyer County.

Dear Dale:

We are sending you this approval of the dam failure analysis and setting the hazard rating for the Totagatic Dam. The hydrologic and hydraulic analyses, including the dam failure analysis submitted by SEH, Inc., titled "Dam Failure Analysis and Hazard Assessment, Totagatic Dam" dated September 2010, are hereby approved. The hazard rating is being set as Low Hazard. As a dam assigned a low hazard rating, the structure must be capable of passing the 100-year flood without overtopping. The dam, as currently configured is able to safely pass the required flows before overtopping occurs.

There are currently no residences within the hydraulic shadow downstream of the dam that would be inundated should the dam fail. The hydraulic shadow is contained completely within the boundaries of the state wildlife area which cannot be developed.

As conditions of this approval are the need for the county to develop an Emergency Action Plan (EAP) and an Inspection, Operation and Maintenance Plan (IOM) within a year from the date this document was mailed. Please submit both plans to Frank Dallam, in our Spooner office.

If you have questions about this document, please give me a call at 608-266-8033. If you have questions pertaining to the operation and maintenance of your dam or the requirements of either the EAP or IOM please contact Frank. He can be reached by phone at 715-635-4064 or email at Frank.Dallam@wi.gov.

Thank you for your continued cooperation.

JOINT POWERS AGREEMENT
SAWYER COUNTY 911 EMERGENCY SYSTEM

WHEREAS, Sawyer County and the municipalities located within the boundaries of Sawyer County have implemented an Emergency 911 System for the purposes of providing emergency services to residences and visitors of these municipalities, including fire fighting, law enforcement, ambulance, medical and other emergency services; and

WHEREAS, Sec. 256.35(9), Wis. Stats., “Joint Powers Agreement,” requires that in implementing a 911 system which has been done in Sawyer County, municipalities shall annually enter into Joint Powers Agreement, which Agreement shall be applicable on a daily basis and which shall provide that if an emergency services vehicle is dispatched in response to a request through the Sawyer County 911 System, such vehicle shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle’s normal jurisdictional boundaries.

THEREFORE, in consideration of the mutual promises, agreements, and conditions contained herein, it is hereby jointly agreed between Sawyer County and the City of Hayward, “municipality,” as follows:

1. That effective January 1, 2020, this agreement shall, thereafter, be applicable on a daily basis from said date through December 31, 2020.

2. That if an emergency services vehicle operated by the municipality, or operated by an agency with which the municipality contracts for that particular emergency service, is dispatched in response to a request through the Sawyer County 911 System, such vehicle (whether owned and operated by the municipality or by the agency) shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle’s normal jurisdictional (or as defined by contract) boundaries.

3. That a copy of this agreement shall be filed with the State Department of Justice, as required by Sec. 256.35(9)(c) Wis. Stats.

JOINT POWERS AGREEMENT
SAWYER COUNTY 911 EMERGENCY SYSTEM

WHEREAS, Sawyer County and the municipalities located within the boundaries of Sawyer County have implemented an Emergency 911 System for the purposes of providing emergency services to residences and visitors of these municipalities, including fire fighting, law enforcement, ambulance, medical and other emergency services; and

WHEREAS, Sec. 256.35(9), Wis. Stats., “Joint Powers Agreement,” requires that in implementing a 911 system which has been done in Sawyer County, municipalities shall annually enter into Joint Powers Agreement, which Agreement shall be applicable on a daily basis and which shall provide that if an emergency services vehicle is dispatched in response to a request through the Sawyer County 911 System, such vehicle shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle’s normal jurisdictional boundaries.

THEREFORE, in consideration of the mutual promises, agreements, and conditions contained herein, it is hereby jointly agreed between Sawyer County and the Town of Bass Lake, “municipality,” as follows:

1. That effective January 1, 2020, this agreement shall, thereafter, be applicable on a daily basis from said date through December 31, 2020.

2. That if an emergency services vehicle operated by the municipality, or operated by an agency with which the municipality contracts for that particular emergency service, is dispatched in response to a request through the Sawyer County 911 System, such vehicle (whether owned and operated by the municipality or by the agency) shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle’s normal jurisdictional (or as defined by contract) boundaries.

3. That a copy of this agreement shall be filed with the State Department of Justice, as required by Sec. 256.35(9)(c) Wis. Stats.

1. That effective January 1, 2020, this agreement shall, thereafter, be applicable on a daily basis from said date through December 31, 2020.

2. That if an emergency services vehicle operated by the municipality, or operated by an agency with which the municipality contracts for that particular emergency service, is dispatched in response to a request through the Sawyer County 911 System, such vehicle (whether owned and operated by the municipality or by the agency) shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle’s normal jurisdictional (or as defined by contract) boundaries.

3. That a copy of this agreement shall be filed with the State Department of Justice, as required by Sec. 256.35(9)(c) Wis. Stats.

JOINT POWERS AGREEMENT
SAWYER COUNTY 911 EMERGENCY SYSTEM

WHEREAS, Sawyer County and the municipalities located within the boundaries of Sawyer County have implemented an Emergency 911 System for the purposes of providing emergency services to residences and visitors of these municipalities, including fire fighting, law enforcement, ambulance, medical and other emergency services; and

WHEREAS, Sec. 256.35(9), Wis. Stats., “Joint Powers Agreement,” requires that in implementing a 911 system which has been done in Sawyer County, municipalities shall annually enter into Joint Powers Agreement, which Agreement shall be applicable on a daily basis and which shall provide that if an emergency services vehicle is dispatched in response to a request through the Sawyer County 911 System, such vehicle shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle’s normal jurisdictional boundaries.

THEREFORE, in consideration of the mutual promises, agreements, and conditions contained herein, it is hereby jointly agreed between Sawyer County and the Village of Exeland, “municipality,” as follows:

1. That effective January 1, 2020, this agreement shall, thereafter, be applicable on a daily basis from said date through December 31, 2020.

2. That if an emergency services vehicle operated by the municipality, or operated by an agency with which the municipality contracts for that particular emergency service, is dispatched in response to a request through the Sawyer County 911 System, such vehicle (whether owned and operated by the municipality or by the agency) shall render its services to the persons needing the services, regardless of whether the vehicle is operating outside the vehicle’s normal jurisdictional (or as defined by contract) boundaries.

3. That a copy of this agreement shall be filed with the State Department of Justice, as required by Sec. 256.35(9)(c) Wis. Stats.

Finance Committee Questions – 1/9/2020

1. The current bills state “The director of state courts may require any county, as a condition for receiving a circuit court branch allocation under this subsection, to have established or to apply for a grant under s. 165.95 or 165.955 to establish a drug court.” Sawyer County had one, it was dissolved. Where are we in establishing this to have the best chance to be awarded a second judge? Grants are available, is this in the works, are we eligible for the grant since we had one established before? Did we apply for and receive one previously?

2. What will the impact to the courts backlog be once we have a second assistant district attorney in place? Could this help alleviate the backlog?

3. What percentage of cases are delayed due to insufficient court appointed attorney availability? If this is not remedied, how will a second judge be effective?

4. What percentage of cases are delayed due to insufficient public defender availability? If this is not remedied, how will a second judge be effective?

5. What progress has been made to correct inefficient practices identified by the 10th Judicial District Chief Judge in the County Clerk’s office? What impact will these improvements have to the future caseload and the backlog?

6. What impact have the various new programs initiated to lower the jail population had on the caseload?

7. What could be the impact of additional resources for current and future programs in cooperation with the Tribal Governing Board?

8. Can we find out from the 10th Judicial District Chief Judge why we are not getting more assistance from nearby visiting circuit court judges?

9. Where will the additional funds for yearly operating expenses come from?
Second Circuit Court Judicial Position – Sawyer County  
Current Status – rev. 1/9/2020

There are currently two active bills in the State Legislature regarding this.

Assembly Bill 470 - passed the Assembly by a vote of 94-1. Amended version pushes the effective dates forward one year from the previous bill to 2021, 2022, and 2023.

Senate Bill 458 - not yet amended to reflect the new effective dates to match the Assembly bill. The fiscal estimate has been received, but SB 458 did not make it to the floor for a vote in the final Senate session of 2019. The next possible session for it to come to the floor is January 22, 2020.

Both bills ultimately would allow the head of the State’s judicial system to appoint 4 new Circuit Court judges per year, to take effect in 2021, 2022, and 2023 for a total of 12 judges.

Both bills allow for the director of state courts to require a county to establish a drug court in order to be allocated one of these judicial position, and that the physical space for said judge be ready by May 31 of the year in which the new judge is elected and seated.

The salary of the Circuit Court judge is paid for by the state, as well as the position of Judicial Assistant. All other costs associated with staffing and facility maintenance must be paid by the county.

Timeline

2020
Referendum – County Board would need to approve a resolution for this.
August 24, 2020 - Deadline to file for a referendum to the voters of Sawyer County to exceed levy to support a second judge.
November 3, 2020 - General election. Referendum would be included in this election.
November 30, 2020 – Deadline to begin construction of Sawyer County facility to meet May 31, 2023 space requirement in current bills according to our most recent architectural update.
Fall of 2020 - Head of Wisconsin court system assigns first four judges.

2021
April 2021 - Spring Election. First set of four judges on ballot.
May 31, 2021 - Deadline for facility to be ready for first set of four judicial assignments.
August 1, 2021 - First set of four judges take up duties in respective counties.
Fall of 2021 - Head of Wisconsin court system assigns second four judges.

2022
April 2022 - Spring Election. Second set of four judges on ballot.
May 31, 2022 - Deadline for facility to be ready for second set of four judicial assignments.
August 1, 2022 - Second set of four judges take up duties in respective counties.
Fall of 2022 - Head of Wisconsin court system assigns third set of four judges. Based on availability of space, this would be the set of judges to include Sawyer County.

2023
April 2023 - Spring Election. Third set of four judges on ballot.
May 31, 2023 - Deadline for facility to be ready for third set of four judicial assignments.
August 1, 2023 - Third set of four judges take up duties in respective counties.
Finance Committee Questions

1. The current bills state “The director of state courts may require any county, as a condition for receiving a circuit court branch allocation under this subsection, to have established or to apply for a grant under s. 165.95 or 165.955 to establish a drug court.” Sawyer County had one, it was dissolved. Where are we in establishing this to have the best chance to be awarded a second judge? Grants are available, is this in the works, are we eligible for the grant since we had one established before? Did we apply for and receive one previously?

2. What will the impact to the courts backlog be once we have a second assistant district attorney in place? Could this help alleviate the backlog?

3. What percentage of cases are delayed due to insufficient court appointed attorney availability? If this is not remedied, how will a second judge be effective?

4. What percentage of cases are delayed due to insufficient public defender availability? If this is not remedied, how will a second judge be effective?

5. What progress has been made to correct inefficient practices identified by the 10th Judicial District Chief Judge in the County Clerk’s office? What impact will these improvements have to the future caseload and the backlog?

6. What impact have the various new programs initiated to lower the jail population had on the caseload?

7. What could be the impact of additional resources for current and future programs in cooperation with the Tribal Governing Board?

8. Ask the 10th Judicial District Chief Judge- why we are not getting more assistance from nearby visiting circuit court judges?

9. Where will the additional funds for yearly operating expenses come from?

Options

Option 1 - Do nothing. Cease efforts to gain second judicial appointment, take out no capitol debt for construction of second courtroom. Continue to enhance court efficiencies. Utilize visiting judges.

Option 2 – Second Courtroom, Second Judge
Fiscal Impact to budget – approximately $425,240.00 for first year, increasing each year. Due to budgetary constraints, would need to explore a referendum. If a resolution to have a referendum is approved by the County Board, and if the referendum passes, the levy could be raised to offset. If referendum fails, would have to be absorbed into operating budget at the expense of other programs and services or could explore wheel tax.
RESOLUTION #2020- ___

RESOLUTION ADDRESSING THE REQUIREMENTS NEEDED FOR A SECOND CIRCUIT COURT JUDGE FOR SAWYER COUNTY AND THE NEED FOR ADDITIONAL STATE SUPPORT

WHEREAS, the Sawyer County Board of Supervisors previously approved Resolution 2017-42 affirming the need for a second circuit court judge for Sawyer County;

WHEREAS, data from the State of Wisconsin shows that Sawyer County has a significant need for a second circuit court judge;

WHEREAS, as part of the planning process for a second circuit court judge, Sawyer County has undertaken a feasibility study on space requirements deemed necessary for the support of a second circuit court judge;

WHEREAS, Sawyer County has completed an analysis of the projected cost of additional personnel deemed necessary and required to support a second circuit court judge and to comply with other state mandated court operations. The approximate amount that Sawyer County must contribute is $425,240.00 for the first year of operation of the second circuit court, with escalations in future years;

WHEREAS, Wis. Stat. § 66.0602(2) continues to impose property tax levy limits on counties, with no exemption for the costs incurred by individual counties as a result of state circuit court operational costs, construction, and support personnel in each county; and

WHEREAS, Sawyer County does not have the financial resources available to provide the necessary and required support personnel for a second circuit court judge as a result, in part, of the State of Wisconsin’s imposed levy limits in Wis. Stat. § 66.0602(2).

NOW THEREFORE BE IT RESOLVED that unless an exemption is created for the levy of additional property taxes for the costs to operate the state circuit court systems bourn by counties, or counties are given the ability to set levy amounts based on local needs rather than state-imposed mandates, Sawyer County cannot meet the requirements deemed necessary for the support of a second circuit court judge in Sawyer County.

BE IT FURTHER RESOLVED that Sawyer County is still in need of and desires the appointment of a second circuit court judge; however, in order to financially support a second circuit court judge, Sawyer County must have: (1) additional state funding for both space and personnel requirements; and/or (2) the ability to exceed the property tax levy limit imposed by Wis. Stat. § 66.0602(2) for operations and personnel costs that will be incurred as a result of having a second state circuit court judge in Sawyer County.

This Resolution is hereby adopted by the Sawyer County Board of Supervisors this ___ day of ___, 2020.

___________________________________________________
Tweed Shuman, Sawyer County Board of Supervisors Chairman
RESOLUTION AUTHORIZING AN INCREASE TO THE 2020 SAWYER COUNTY LAND INFORMATION GRANT BUDGET FOR DOCUMENT SCANNING

WHEREAS, the Land, Water and Forest Resources Committee recommends increasing the 2020 Land Information Grant budget to allow document scanning of Zoning Department records; and,

WHEREAS, the Zoning Department document scanning fits within the allowable projects per the 2019 – 2021 Land Information Plan and funding for the project was approved by the Sawyer County Land Information Council on December 17, 2019; and,

WHEREAS, the Land Information Grant budget has accumulated funds on hand to pay the document scanning; and,

WHEREAS, there are not funds in the current 2020 budget to fund the project.

THEREFORE BE IT RESOLVED, that the Sawyer County Board of Supervisors hereby approves increasing the 2020 Land Information Grant budget (Fund 212) for the Zoning Department document scanning using available Land Information Grant Fund Balance.

Fiscal Impact: $20,000 Land Information Grant Fund Balance Applied

Recommended for adoption by the Sawyer County Board of Supervisors by the Sawyer County Finance Committee this 16th day of January, 2020.

Bruce Paulsen, Chair

Ron Kinsley, Vice Chair

Brian Bissonette, Member

Troy Morgan, Member

Dawn Petit, Member
2019-20 Sawyer County Forest and Wisconsin DNR
Annual Partnership Meeting Minutes

Date: September 25th, 2019
Time: 9:00A.M.
Location: Hayward DNR Service Center, 10220 State Highway 27, Hayward, WI 54843

Personnel Present:
Patrick Zimmer, DNR Hayward Team Leader
Nichol Martin, DNR Park Falls Forestry Area Staff Specialist
Matt Blaylock, DNR Park Falls Area Supervisor
Randy Sobralski, DNR Forestry Technician
Roy Zubrod, DNR Forester
James Kujala, DNR Forester
Holly Petry, DNR Forester
Dan Yankowiak, Natural Resources Property Supervisor
Logan Wells, DNR Forester-Adv, Forest Products Team
Greg Peterson, Sawyer County Forest Administrator
Jeff Steidl, Forester, Sawyer County
Kyle Cummings, Recreational Coordinator/Forester, Sawyer County
Erik Schielke, Forester, Sawyer County

Agenda Items:

1. Review Last Year’s Minutes
   Discussion by Roy Zubrod. No thoughts or comments made.

2. Wildlife Management
   Discussion by Roy Zubrod and Mike Bulgrin. Talking points gathered during one-on-one meeting with Laine Stowell, Wildlife Biologist, on 9-10-2019.

   A) Wildlife Funds. Current wildlife account balance is slightly over 3 three allotment. Currently, money being spent on approximately 103 acres of scarification for oak regeneration. Going forward, projects are being planned for the oak savanna conversion project and maintenance of approximately 100 acres of natural openings on the county forest.

   B) Wildlife Projects. 60 elk were released from captivity on the Flambeau River State Forest. The elk release comprised of 45 adults and 15 calves. All elk from the state of Michigan which were re-introduced to Wisconsin in the 1990’s are now gone as cow #13 died last winter.
On the Sawyer County Forest, elk are currently utilizing habitat at Parks Farm and Deer Creek. A proposed project to improve habitat at Parks Farm was mentioned. This would encompass re-tilling and re-planting a portion of field. Approximately 25 acres have been mowed at parks farm this year. A hunter walking trail at the intersection of Thornapple Grade and Haystack Road is also scheduled for mowing yet this year.

Going forward, wildlife would like to expand the elk population in the western portion of the Winter Block of the Sawyer County Forest. Other sites mentioned were Seeley Hills and adjoining Bayfield County Forest to the north. Sites for holding pens will be needed if this occurs. The rationale behind elk relocation is to utilize acreage where intensive forest management is taking place, which is key for elk habitat.

3. **Forest Health Update**

   A) Oak Wilt.
   Flights were conducted in mid-August over Sissabagama, Stoney Hill and Seeley Hills blocks. Results yielded three new detections and Sawyer County found one by ground search near Weirgor Lake for a total of 4 new sites. All sites were treated using frill girdle by herbicide. 125 trees were treated.

   The use of aerial drones after initial flyovers with an airplane were discussed. Efficiencies with time savings and precision can be realized. Sawyer County does have access to a drone and has been explored in the past.

   Two new treatment options for oak wilt were presented. Treatments discussed were: stripped down version of frill girdle with herbicide and single stump removal. For these methods to work, oak wilt must be caught in early stages, it is not appropriate if no leaves are left on the tree. MTE (Menominee Tribal Enterprises) reported 80-100% success for both methods combined. Recommendations from the DNR will be forthcoming in the future.

   B) Emerald Ash Borer
   Sawyer County has been monitoring 10 traps on their own with assistance from Paul Cigan and will be taking down traps at the end of September. Results of survey season are pending but as of mid-season checks, no additional EAB detections in Sawyer County.

   Revised EAB Silviculture guidelines are now available on-line on the DNR website. Strategy in marking northern hardwood and oak stands has not changed from last year, with that being foresters and technicians will have to weigh extra reason on risk on ash. Sale establishment on lowland ash sites was mentioned and will be explored if opportunities are present.
4. **DNR 3 Year Internal Audit**  
Discussion by Nichol Martin.

Preliminary results indicate a good audit overall. Results are still being compiled in draft form and should be released in about a month. Draft will be circulated for review and will be made final after comment period is over.

5. **2019 Forest Certification Discussion**  
Discussion by Roy Zubrod.

Nothing discussed for 2019 in terms of CARS, OFIs/OBS as nothing was cited for the 2019 CFL SFI and FSC audits. Discussion took place regarding 2018 audit and potential issues likely to be re-visited. Topics discussed were:

**SFI – 2018**

**NO CARS**

**Opportunities for Improvements (OFI)**

**OFI 2018-01: There is an opportunity to improve road maintenance to comply with Wisconsin BMP’s.**  
SFI Indicator 3.1.1: Program to implement federal, state or provincial water quality best management practices during all phases of management activities.

When new roads are constructed, or existing roads are improved, expectations are discussed with the contractor during pre-sale meetings. Periodic inspections take place when harvesting and hauling is active. The Chapter on Forest Roads from Wisconsin’s Forestry Best Management Practices for Water Quality Field Manual is used for reference. Sawyer County Forest has no roads where gas tax is collected.

Sawyer County has an access management plan covering the entire county forest. The plan spells out open and closed designations to address sustainable roads and trails vs. closed areas with no infrastructure.

**OFI 2018-02: There is an opportunity to improve in the timeliness of training for forest chemical applications regarding state-certified applicators.**  
SFI Indicator 2.2.7: Supervision of forest chemical applications by state or provincial-trained or certified applicators.

All certifications needed for personal who perform this work is current for both Sawyer County and WI DNR.
FSC – 2018

NO CARS

Observations (OBS)

FSC Indicator 6.5.B – Forest operations meet or exceed Best Management Practices (BMPs) that address components of the Criterion where the operation takes place.

Same as SFI finding

FSC Indicator 6.6.D – Whenever chemicals are used, a written prescription is prepared that describes the site-specific hazards and environmental risks, and the precautions that workers will employ to avoid or minimize those hazards and risks and includes a map of the treatment area.

The only application of chemicals on the Sawyer County Forest is for Oak Wilt. Sources of information looked upon to formulate treatments are: Paul Cigan- Plant Pest and Disease Specialist, labeling information for the chemical used and Wisconsin Pesticide Applicator Training Manual for Forestry. Written records are kept for all chemical treatments.

6. Forest Management
Discussion by Greg Peterson (Points a,b,f,g,i,k), Roy Zubrod (Points c,d,h,), James Kujala (Point e) and Pat Zimmer (Point j).

a) County forest department budget and accounts. Sawyer County is currently working on budgets for all departments but revenue will be approximately 1.8 to 1.85 million dollars.

b) Timber sale establishment goals. The harvest goal will be approximately 3,700 acres.

c) DNR Time Standards. New base hour time standard is 2189 hours. This is a reduction of 108 hours from the previous standard (2297 hours). Pat Zimmer mentioned DNR can exceed base hours this contract term but not in the future. In 2018-19 hours worked totaled 2484.75, a difference of +187.75 hours (2484.75 – 2297 = 187.75).

d) Dozer hours/projects. During 2018-19 DNR completed two scarification projects to promote oak regeneration totaling 65 acres. In 2019-20 DNR was assigned three scarification projects discussed earlier in the wildlife discussion. If time and money is available, Sawyer County requested assistance for road repair projects.

e) Prescribed burning. The oak savanna conversion project and approximately 100 acres of natural openings are scheduled for prescribed burning next spring.

f) Reforestation projects. No projects planned other than possible small-scale tree planting for educational purposes geared towards elementary school students.

g) Recon % - acreage update. The amount of recon backlog acreage over 20 years old is approximately 7.5% of total acreage. Aspen less than 40 years old makes up most of the
backlog recon data. Sawyer County is prioritizing these backlog acres by cover type to get them up to date.

h) Update on invasive species. Sawyer County will monitor and address as needed.

i) Discussion on any of the Forestry Grants. No applications will be submitted other than the Forest Administrator Grant due in January.

j) Good Neighbor Authority. Talking points provided by David Todus in e-mail on 9-24-2019.

FY19
All stand establishment is completed as of the contract deadline June 30th, 2019. Two sales were sold, Wilson and Patsey Lake, and will be administrated by Sawyer County.

FY20
Work has been assigned, this includes all stands in the Blue Gill Trap Area. Work has been given to Greg Peterson to complete and then David Todus can write program contract.

FY21
Anticipate on receiving work in November. Once received work will be planned out. Due date will not be until June 30th, 2021.

FY22
Anticipate on receiving work February 2020
At the end of this purge, will be one year ahead of the normal due dates.

k) Recreation.
Sawyer County re-bid six projects for motorized trail work. Three bids were accepted, all for graveling on the Tuscobia Trail. Of the other three, one project will have the length shortened and the other two projects will be on hold.

7. Tuscobia Trail
Discussion by Dan Yankowiak

a) Box culvert project east of Winter. DNR project to fix infrastructure. Project 99% completed, and trail is open.

b) Radisson Creek bridge. DNR project to fix infrastructure. Project finished and trail will re-open soon.

c) Winter Depot. Joint project with DNR and Friends of Tuscobia Trail. Renovations moving forward. DNR contributing $110,000.00 towards project. Friends of Tuscobia needs to come up with $40,000.00. Sawyer County has pledged a $15,000.00 contingency.

d) Ojibwa storm cleanup. DNR timber salvage sale. Completed and trail open.

e) Trail inspections. Sawyer County will take over responsibility twice a year plus storm damage inspections.

f) Beaver control. Options being explored by DNR. Many problems with culverts and streams being blocked along trail.
8. **Any Other Items Requiring Attention/Discussion**

a) *Forest Regeneration Metric.* Discussion by Roy Zubrod.
An update on the regeneration monitoring program supervised by Casey Menick was discussed. In Sawyer County 15 stands were selected to be sampled. Field work is currently in progress and depending on time and resources, not all stands may get sampled. If there are any stands remaining, the plan is to finish next field season. Completed stands will have raw data summarized and reports compiled. The purpose is to have data sets for the CDAC's to use vs. FIA data when discussing deer management goals.

b) *15-year comprehensive land use plan.* Discussion by Greg Peterson.
As a starting point, a committee will be formed to provide input into the plan. Members will represent a broad array of stakeholders from various user groups. Templates have been distributed and work will begin in approximately one month.

c) *Wood markets.* Discussion by Logan Wells.
Due to tariffs imposed on China by U.S., red oak and ash markets have been significantly impacted. Before tariffs, 1 in 4 boards manufactured were exported to China. Lower value products are stable at this time (pallets, ties and mats) which is important when other markets are challenging. Recent hurricane activity in the southeastern U.S. has the potential to boost the housing market.
SAWYER COUNTY FORESTRY DEPARTMENT
ANNUAL WORK PLAN FOR 2020

Following is the proposed Sawyer County Forest work plan for the year 2020. The plan
gives direction and meaning to the proposed County Forest budget. The plan further
defines and supplements the Sawyer County Forest Comprehensive Land Use Plan
and emphasizes the current needs of the County Forest and Recreational System.

• FORESTS

The Sawyer County Forest (SCF) is 115,197 acres in size.

The following list shows the acreage of productive forested land by various
timber types on the SCF:

• Forest Cover:
  - Aspen          39,999
  - Northern Hardwood 24,866
  - Oak             9,818
  - Black Spruce    5,305
  - White Pine     4,633
  - Swamp Hardwood  3,770
  - Red Pine       2,121
  - Tamarack       1,740
  - Red Maple      1,098
  - Cedar          887
  - White Spruce   623
  - Hemlock        448
  - Jack Pine      136
  - Balsam Fir    52
  - White Birch  45

Total Productive Forested Acres  95,845

*Non-productive/ Non-forested acreage accounts for 19,352 acres
I. TIMBER HARVEST

Timber harvests are not only important for the economic well being of Sawyer County, but also for the health and vigor of the forest. This includes all aspects of the forest including wildlife, watershed protection, air quality, recreation, and many other noncommercial values. Professional implementation of proper forest management and harvest techniques is essential. The timber management goal is to produce sustained yields of forest products by scheduling timber sales to achieve the average annual allowable cut. The long-term goal is to develop a regulated harvest in which the same number of acres or same volume of wood could be harvested each year for perpetuity. A regulated harvest can occur when there is a proper balance in age class distribution and uniform growth rates for each forest type. Compartment reconnaissance information from the Wisconsin Forest Inventory & Reporting System (WisFIRS) will be used to determine where timber harvesting is needed. Sawyer County Forest plans to assess approximately 7500 for harvest. From that acreage, SCF plans to offer for sale approximately 3700 acres of timber in accordance with the 2020 Annual Allowable Cut (excluding salvage operations due to unknown occurrences) in the following timber types in 2020:

Total: 1525  2175
II. TIMBER SALE ESTABLISHMENT
   A. Set up and offer for sale approximately forty (40) sales totaling
      approximately 40,000 cords and 1,000 MBF. Two timber sale bid
      openings will be conducted in 2019. Each bid opening will offer
      approximately ½ of the annual allowable cut acres.

III. TIMBER SALE INSPECTIONS
   A. Maintain a continual program of inspections on all of the timber sale
      contracts for the purpose of checking completion status, contract
      compliance, and to prevent timber theft. Active timber sales will be visited
      a minimum of once per week. SCF staff with assistance from the DNR
      Liaison Forester will be responsible for this work.

IV. FOREST REVENUE
   A. Projected 2020 timber sale revenue $1,850,000

V. FOREST RECONNAISSANCE
   A. Continue to update and maintain SCF recon data. SCF staff will be
      responsible for updating recon records on their assigned compartments.
      The Liaison Forester is responsible for updating recon records on DNR
      assigned compartments. The target for recon updates for 2020 is 6000
      acres to be updated in the SCF recon system.

VI. REFORESTATION
   A. Conduct pre-sale scarification on timber sales for red oak, white pine, and
      white birch regeneration where conditions are advantageous.
   B. Conduct tree planting with Hayward and Winter School Districts.
   C. Evaluate possible sites for future regeneration projects such as pre- and
      post-sale scarification, possible planting sites.

VII. TIMBER STAND IMPROVEMENT
   There are no non-commercial TSI projects planned.
VIII. COUNTY FOREST ROADS

The SCF does not have any officially designated county forest roads and does not receive any county forest road aid.

IX. ROADS AND TRAILS

A. Road and Access Plan.
   1. Make maps available to the public for all recreational activities on the county forest.
   2. Inform public of changes made to access.
   3. Continue to maintain signs on roads and trails in accordance with Road and Access Plan.
   4. Review road and access plan with Land, Water, and Forest Resources Committee for possible changes in road/trail designation.

B. Continue to plan all roads and access.

C. Continue to berm or gate roads and trails as need arises for erosion control to assure BMP issues are addressed or to protect sensitive areas.

D. Enforce seasonal closure period for forest roads and trails during spring break up.
   1. Inform public of road closure.

E. Improve trails for timber sale access and roads open to public motor vehicle access with a priority on those areas where damage is occurring due to high public use, or problem areas identified as part of the GPS classification. Permanent secondary trails should also be given a priority.

X. LAND ACQUISITION

A. Follow direction of 15-Year Plan and as approved by Land, Water, and Forest Resources Committee:
   1. Evaluate land purchases as presented to Land, Water, and Forest Resources Committee for possible County Board approval.
   2. Evaluate land trades as presented to Land, Water, and Forest Resources Committee for possible County Board approval.
   3. Pursue grant funding sources for any approved acquisition project.
XI. GEOGRAPHIC INFORMATION SYSTEM (GIS)/COMPUTER TECHNOLOGY

A. Continue to operate and maintain currency of GIS system including roads and trails, historical timber sales, and other layers for public information.

XII. SURVEYING

A. Utilize Trimble GPS unit to locate interior property corners where section corners are available and to establish approximate county forest property boundaries where necessary for tract establishment.

B. Present to committee problem areas for certified survey or re-monumentation efforts. Surveys generally are needed to prevent timber trespass or to clarify boundaries in order to continue management.

XIII. MISCELLANEOUS FOREST ACTIVITIES

A. Monitor camping policy on County Forest for possible problems and/or changes to policy that will improve camping opportunities on forest.

B. Issue and administer firewood, Christmas tree, camping, and bough harvesting permits.

C. Continue to detect and treat confirmed positive oak wilt sites on County Forest to prevent further spread. Continue to monitor previously detected and treated sites.

D. Continue to monitor and plan for positive confirmation of Emerald Ash Borer.

XIV. RECREATION TRAILS

A. Snowmobile Trails

1. Provide 68.6 miles of state funded snowmobile trails on County Forest. Sawyer County will continue to maintain 383.2 miles of state funded snowmobile trails including 50.5 miles of Tuscobia State Trail contracted with the Sawyer County Snowmobile/ATV Alliance. Grant funded, $114,954.00

2. Apply for grant funding where needed for any trail improvements or bridge repairs/replacement.
B. **ATV/UTV Trails**

1. Provide 50 miles of summer ATV/UTV trails on County Forest. Sawyer County will continue to maintain 148 miles of state funded summer ATV/UTV trails including 50.5 miles of Tuscobia State Trail contracted with the Sawyer County Snowmobile/ATV Alliance. Grant funded, $104,822.

2. Provide 50 miles of winter ATV trails on County Forest. Sawyer County will continue to maintain 149.8 miles of winter state funded ATV trails including 50.5 miles of Tuscobia State Trail contracted with the Sawyer County Snowmobile/ATV Alliance. Grant funded $14,980.

3. Complete Tuscobia Rehab Chafer Rd. 1.35 miles, grant funded $19,550

4. Complete Tuscobia Rehab project, Schrock Rd. 3.3 miles, grant funded $47,460

5. Complete Tuscobia Rehab project, Price County Line to Uncle Tom’s Rd. 9.3 miles, grant funded $170,010

6. Complete Trail 8 Rehab project, “OO” to Boedecker Rd. 1.65 miles, grant funded $24,750

7. Complete Trail 8 Rehab project Camp 38 Rd to Telemark Rd. 0.72 miles, grant funded $16,062.50

8. Complete installation of 911 location signs.

8. Apply for grant funding where needed for any trail improvements or enhancements.

C. **Ski Trails**

1. American Birkebeiner Trail
   The American Birkebeiner Ski Foundation (ABSF) maintains and grooms the Birkebeiner Trails including the Birkie, Birkie Classic, and “OO” Loop Trails as a skiing and hiking trail for Sawyer County. Maintenance and grooming costs are largely paid by the Foundation itself.

2. Hatchery Creek Park Trails
   ABSF maintains and grooms the Fish Hatchery Park ski trail.
   Continue cooperation with the ABSF

3. Seeley Trails
   The Seeley Trails are maintained and groomed primarily by the Seeley Lions Club.
D. Bike Trails
1. Continue to work with Chequamegon Area Mountain Bike Association (CAMBA) to maintain mountain bike trails both the singletrack trail system and two track trails located on forest roads within the SCF.
2. Continue working with bike groups to provide snow/fat bike opportunities within County Forest.

E. Hunter Walking Trails
1. Maintain established trails.
2. Mow approximately twenty percent of existing trails; work in conjunction with DNR Wildlife and local conservation groups.
3. Identify new possible trail locations based on need and habitat considerations

F. Hiking Trails
1. Continue working with Southwest Sawyer County Non-motorized trail group to maintain Green Lake trail, and assist with any further developments of hiking trails.

G. NoRTAC (Northern Region Trail Advisory Committee)
1. Continue participation in regional trail committee to address trail needs and issues within the region.

XVI. FISH and WILDLIFE

A. Nickel an Acre
County receives $5,760/year for Wildlife Management related activities on County Forest. A maximum of three years of funding can be accrued.

Approved Funding Activities
1. Prescribed burning and development of oak savanna conversion project located in Town of Winter along Thornapple River.
2. Building of berms/ installation of gates on closed access roads. (In accordance with the Access Management Plan).
3. Scarification work for red oak regeneration.
4. Purchase of grass seed for seeding and stabilizing forest roads after harvest.
5. Construction of access roads to facilitate logging operations in isolated areas.
6. Mowing of hunter walking trails.
7. Wildlife opening maintenance and construction, specifically within the expanded elk range.
8. Purchase of prescribed fire equipment for county staff.

XVII. Parks

A. Hatchery Creek Park
   1. Continue maintenance and development of park and pavilion building.
      Continue cooperation with ABSF, CAMBA, and other community groups with park projects and recreational trails.

B. Eagles Landing
   1. Continue maintenance of park.

C. Nelson Lake Boat Landing/Park
   1. Continue maintenance and development of park in cooperation with the Town of Lenroot.

XVIII. Land Use and Recreation Plans

A. County Forest Compressive Land Use Plan
   1. Complete the County Forest Compressive Land Use plan for 2021-2036, must be completed by December 31st 2020.

B. Sawyer County Outdoor Recreation Plan
   2. Plan must be completed by December 31st 2020.

Information about timber sale activities or any other Forestry Department program may be obtained by contacting the Sawyer County Forestry Department, Sawyer County Courthouse, 10610 Main Street, Suite 100, Hayward, WI 54843. Phone: 715-634-4846 FAX: 715-638-3234.

Resolution

RESOLUTION TO NOT CHARGE AN EVENT FEE FOR USE OF THE COUNTY FOREST TRAILS

WHEREAS, Sawyer County (the “County”) owns real property that is open to public use for motorized and non-motorized trails in the County forest (collectively, the “Trails”);

WHEREAS, it is understood that most users of the County Trails derive economic benefit from the use of the Trails and other County land in the form of entry fees, required donations and fee for services;

WHEREAS, the following is a partial list of entities that derive an economic benefit from use of the County forest:

<table>
<thead>
<tr>
<th>CAMBA</th>
<th>Seeley Lions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hayward Lions</td>
<td>American Birkenbeiner Foundation</td>
</tr>
<tr>
<td>Hayward High School</td>
<td>Nordic kids</td>
</tr>
<tr>
<td>Private entities offering guided trail events</td>
<td>Hunting guides</td>
</tr>
<tr>
<td>ATV &amp; snowmobile clubs (poker runs)</td>
<td>Mt Borah Epic</td>
</tr>
</tbody>
</table>

WHEREAS, other than the staff costs associated with the ATV and snowmobile trails ($40,000 estimated), the County costs to maintain the County Trails are negligible;

WHEREAS, the scheduled events using the County Trails generate a significant positive economic impact for the County in the estimated amounts to wit:

- Estimated amount the out of town silent sports participants spend locally: $3,850,000
- Motorized trail state money spent on maintenance, net: $240,000
- Birkie revenue spent within 50 miles of Hayward: $2,550,000
- Birkie reimbursement to Sawyer County for services provided: $24,400
- Amount out of town ATV/snowmobile riders spend locally: Not Determined

WHEREAS, other communities pay an event organizer to hold events in their communities to wit:

- Visit Cook County for the Lutsen 99er: $20,000
- Visit Milwaukee for a triathlon: $40,000

WHEREAS, the subject matter of this Resolution was reviewed and discussed at the County Land, Water and Forest Resources Committee on January 8, 2020, and the County Land, Water and Forest Resources Committee voted to recommend to the County Board of Supervisors that the County Board of Supervisors approve subject matter of this Resolution.

NOW, THEREFORE, BE IT RESOLVED, the Sawyer County Board of Supervisors determines the following:
1. The Recitals set forth above are incorporated into the Resolution and shall be used not just for reference.

2. The County shall not charge any event fee to individuals or organizations using the Trails in light of the significant economic benefit such events bring to the County.

3. This Resolution does not modify or amend any other portion of the Sawyer County Ordinances except to the extent of direct conflict with the provisions set forth herein. Nothing in this Resolution prevents the County from requiring an event permit or administrative review and approval of an event.

Financial Impact, Resource Development Fund loses about $5,000 in revenue.

The Sawyer County Board of Supervisors hereby adopts this Resolution on this 16th day of January, 2020.

RESOLUTION REQUESTING THOSE THAT USE THE SAWYER COUNTY FOREST MOTORIZED AND
NON-MOTORIZED TRAILS TO VOLUNTARILY CONTRIBUTE TO THE SAWYER COUNTY
RESOURCE DEVELOPMENT FUND

WHEREAS, Sawyer County (the “County”) owns real property that is open to public use
for motorized and non-motorized trails in the County forest (collectively, the “Trails”);

WHEREAS, it is understood that users of motorized and non-motorized trails (collectively,
“Trail Users”) realize they derive significant benefit from the use of these trails;

WHEREAS, the County also derives significant benefit from the use of the Trails;

WHEREAS, as the silent sports community has agreed to contribute $20,000 in 2020 for
the improvement of the County parks and Trails (the “Trailer User Funds”); and

WHEREAS, the subject matter of this Resolution was reviewed and discussed at the
County Land, Water and Forest Resources Committee on January 8, 2020, and the County Land,
Water and Forest Resources Committee voted to recommend to the County Board of Supervisors
that the County Board of Supervisors approve subject matter of this Resolution.

NOW, THEREFORE, BE IT RESOLVED, the Sawyer County Board of Supervisors determines
the following:

1. The Recitals set forth above are incorporated into the Resolution and shall be used not
just for reference.

2. Up to $5,000 of the Trail User Funds be allocated to the County Forest Department for
the improvement and maintenance of County parks.

3. Trail User Funds shall pay for Trail and other County park improvements as approved
with the annual budget or by the Sawyer County Board for unbudgeted improvements.

The Sawyer County Board of Supervisors hereby adopts this Resolution on this 16th day of

RESOLUTION AUTHORIZING SAWYER COUNTY TO CHARGE A FEE FOR COMMERCIAL ACTIVITIES CONDUCTED ON SAWYER COUNTY PARKLAND ZONED COMMERCIAL

WHEREAS, Sawyer County (the “County”) owns real property that is identified as County forest land, County parkland or a designated park (collectively, “County Parkland”);

WHEREAS, various organizations and entities may conduct commercial activities on that portion of County Parkland that is zoned commercial;

WHEREAS, Wis. Stat. § 59.52(6)(d)3 grants the County statutory authority pursuant to collect fees for use of County Parkland;

WHEREAS, commercial activities conducted on County Parkland are defined as the sale of food and beverages, sale of commemorative merchandise, room rental, fees charged for service and like activities (collectively, “Commercial Activities”);

WHEREAS, the Commercial Activities likely generate income for those engaging in those Commercial Activities; and

WHEREAS, the subject matter of this Resolution was reviewed and discussed at the County Land, Water and Forest Resources Committee on January 8, 2020, and the County Land, Water and Forest Resources Committee voted to recommend to the County Board of Supervisors that the County Board of Supervisors approve subject matter of this Resolution.

NOW, THEREFORE, BE IT RESOLVED, the Sawyer County Board of Supervisors determines the following:

1. The Recitals set forth above are incorporated into the Resolution and shall be used not just for reference.

2. The County Forester shall develop the permit application form for conducting any Commercial Activities on County Parkland and such permit application form shall set forth the payment requirements to accomplish the intent of this Resolution.

3. Any person or entity engaging in Commercial Activities on County Parkland shall obtain a permit from the County Forestry Department, and such permit may be issued within the reasonable discretion of the County Forester.

4. Any person or entity engaging in commercial activities on County Parkland shall pay to the County five percent (5%) of gross receipts from a given event subject to an issued permit. “Gross Receipts” includes all collected cash, credit, compensation, items of value
and charges for sales and services less federal, state or municipal sale, use or other similar
taxes collected from customers or vendors.

5. The County shall allocate any Commercial Activity Fees to the County Resource
Development Fund.

The Sawyer County Board of Supervisors hereby adopts this Resolution on this 16th day of

Elaine Nyberg
New Matters:

Happy New Year! – I successfully completed two weeks of vacation over the Christmas and New Year's weeks. Time was well spent enjoying the holidays with the family and heading up to Giants Ridge in northern MN for our annual ski trip. (Un)fortunately, leaving the weekend after the December Board meeting and returning this Monday left little time to accomplish work matters.

Airport Apron/Taxilane Funding – Airport Manager Derek Leslie, Accountant Mike Keefe and I are meeting with Mark Graczykowski from WisDOT – Bureau of Aeronautics on January 8th, to prepare discussion items for the Public Works committee for the design and funding for the apron and taxilane project.

We have to finalize the scope of the engineering for the project before it can go out for bids. Part of that process is determining the ultimate path the County is going to take with regard to funding the project. As with many Airport Improvement Program (AIP) funding projects, there is a level of local funding that may be required above the typical 5% match. In our Ramp project particularly, there’s an opportunity to pave additional areas that would improve water drainage and enhance snow removal efforts. We will need to carefully consider the options the BOA gives us as it pertains to areas that may require an 80/20, or even 50/50 split.

Prime for Life Program (CJCC) - Over the past 9 months, we have utilized Brittany Pasanen as a contracted, certified instructor for the Prime for Life class for those charged with first time possession of either marijuana or drug paraphernalia. This restorative justice class gave those with a misdemeanor charge an opportunity to receive both an education and a reprieve from the judicial system as their case would be dismissed by the DA for their participation. As of January 6th, Brittany is once again a County employee which gives us the ability to conduct this class with our own employee. There is also an opportunity to have her use her certification for more prevention-based programs at a cost borne by the individuals participating in those classes. For example, Barron County has First Time Offender classes (if someone successfully completes the class, then the loss of the driver's license for 6 months is waived). Additionally, they have classes for juvenile drug offense referrals, etc. All these classes are held at a cost to the participant and the money generated is a great way to help create revenue for other needed programs.

TimeClock Plus (TCP) Contract and Implementation – We have finalized the contract with TCP and are in the implementation phase. TCP is the software application we are implementing to streamline the payroll time entry process, perform shift scheduling, and ensure proper coding for accruals and program accounting among other efficiencies.
**Child Support Program** - I have continued to meet with Sawyer County Child Support staff to further understand the administration of the Child Support program. After receiving additional information from the State of Wisconsin Department of Children and Families (DCF) Bureau of Child Support, I prepared and sent a letter to back to them on December 27, 2019, articulating my questions resulting from these discussions. Clarifying the state’s answers to these questions will help us improve the service provided by our Child Support Agency, and will enhance our ability to work cooperatively with LCO for the benefit of all children and their families.

**Office Space/Relocations** – Through the 2020 budget process, the state authorized an additional Assistant District Attorney (ADA) be allocated to Sawyer County, and the County Board authorized an additional ½ FTE staff for ADA support and ½ FTE for Clerk of Court staff. These positions are in the process of being hired.

On January 7th, I met with DA staff to determine space needs and other requirements necessary to accommodate the efficient operations for this additional staff. At this point, we are looking at reallocating the space currently occupied by the DA’s office, Child Support, Victim Witness, and the CJCC Coordinator in order to facilitate this change with minimum disruption while we further investigate the long-term space needs of an additional second circuit court.

**2020 WCA Annual Legislative Exchange** – I will be attending the annual Legislative Exchange in Madison on February 4-5, 2020. This will be the first legislative exchange in over a decade with split party control of state government. County Board Members wishing to participate in this event should contact the County Board Chair.

On the afternoon of the 5th, I will attend the County Administrators/Executives meeting where we discuss the challenges faced operating our county governments.

**Civil Action No. 19-CV-99B** – On December 27, 2019, we received notice that a lawsuit was filed by Peter J. Thoreson against the County, City, and the investigating officers involved in a search and seizure of Peter Thoreson in 2016 and 2019. This action has been referred to our insurance carrier, County Mutual, and they have assigned Kurt Simatic of Stafford Rosenbaum to provide the County’s defense. I’ll keep you informed as things progress.

**Construction Foundations Training (CJCC)** – On January 7th, we finalized an MOU with WITC to provide professional instruction for the Construction Foundations training program beginning January 20th with the Sawyer County Jail. Diane McNamer has coordinated this effort with Lynn Fitch at WITC, Gary Hilgendorf of New Reflections Pathway to Hope, our Sawyer County Jail administration and staff, and others.

The program costs for the instructor are being covered by the WITC grant, the books are on loan from Workforce Resources, and the materials for the construction project are to be collected via donations from the community. We are currently working on an agreement with New Reflections to define their obligations and to minimize the use of CJCC budgeted funds.
**Ongoing Matters/Updates:**

**Ojibwa Ambulance Station** – The ambulance crew has moved into the new facility in Ojibwa. The Public Safety Committee members were invited to tour the facility on January 8th at 6:15pm prior to the Public Works Committee meeting to be held at that facility at 6:30pm. Once things get more settled, a date will be announced for an open house specifically for the public to view the facility.

**OO Property** – The County Board approved at its December 19th meeting, a recommendation from the Zoning Committee to rezone a portion of the property for commercial use, which would allow for organizations such as the Lions Club and the Birkie to engage in certain commercial activities at the OO building. The American Birkebeiner Foundation has applied and has been issued a permit to sell coffee on specific weekend dates through January, using the process similar to permitting use of the Hatchery park pavilion. Future commercial uses will be further described and limited by a Ground Lease and MOU.

**Other Items:**

- Annual ATV Letters of Understanding
- Airport FBO application process for hangar lessees and other businesses
- Winter Depot construction & grant oversight
- Opioid litigation oversight
